

# The Way

by Pete Sahaidachny

You've been traveling  
The long way  
I bet you've seen  
A lot of things  
You've been facing your demons  
Every day

That's what they call  
Livin'  
The Way!

I know you've had - (CMaj.)  
Misunderstandings - (Fmin.)  
Turn your weaknesses - (Cmin.)  
Into strengths. - (FMaj.)  
Work with your surroundings  
Propagate

That's what they call  
Livin'  
The Way!

[guitar solo]

If you move with the rhythm  
Feel the bob & sway  
If you pulse with the planet  
And into space (Gmin., F#min., Fmin.)

That's what they call  
Livin'  
The Way!

Verse: Cmin. - FMaj.  
Chorus: B-flat, GMaj., Cmin.
