

Voice In Your Heart

by Pete Sahaidachny

In the hustle of the world,
have you forgotten who you are?
In the hustle of the world,
How'd you make it so far?

Maybe I'm a voice,
A voice in your heart?
Intangible equations
Go ahead and apply me,
to your situation
Go ahead and apply me,
to your situation

Everyday one step closer
Even though I'm being pulled apart
Out here on this lifeboat
Floating around a star

Maybe I'm a voice,
A voice in your heart?
Intangible equations
Go ahead and apply me,
to your situation
Go ahead and apply me,
to your situation

We started off so distant
We started off insincere
We started off in the distance
But our perseverance, got us to here
Ooh... Ahh...

Maybe I'm a voice
Maybe I'm a voice
A Voice in your heart
(repeat until end)
